SERVOS AVAILABLE SEPARATELY £14

THIS SYSTEM REPRESENTS THE ULTIMATE IN RADIO CONTROL AND HAS BEEN TALKED ABOUT IN THE PAST AS THE SYSTEM OF THE UNFORESEEABLE FUTURE.

The Receiver is a Twin Deck Superhet giving maximum interference rejection with high sensitivity.
The Transmitter without doubt is the finest piece of equipment ever offered to modellers. It is a masterpiece of electronic and mechanical design.
The Servos have integral Amplifiers and Feed Back Potentiometer.
A Wiring Harness with Switches, Plugs, together with all DEACs, is supplied allowing immediate operation.
A Charger is also supplied.

After Sales Service Second to None
NATIONAL WORKS, BATH ROAD, HOUNSLOW, MIDDX.
